Speaker 1:

It's a family. I mean, it really is. We support each other when we're struggling. We support each other in, "Hey, I've got an idea. Try this." I love our atmosphere because we all work together as a team. If I'm stuck on something like, "Oh, I really want this to happen and the only way I can see it happen is to do choice A or choice B," and I'll go to another attorney in the firm or the paralegal and they'll say, "Well, have you thought about this?" And I go, "Oh yeah, I could try option C." We're all in this to try to make other people's lives better.
